Dear Students:

For students entering their senior year of high school, college application time is just around the corner! Many students do not realize how important it is to have a well-written college essay when applying.

College applications are not just simple forms for conveying test scores and personal information; they are translations of a student's personality and intellectual abilities, along with their entire high school experience, onto a few pieces of paper.

Students can come in for help with their college essay at our *College Essay Writing Workshop*. The students will receive comprehensive essay coaching and editing for his/her college essays.

There are a limited number of spots at the top universities, and they are not always filled by students who are numerically qualified for that school. The essay portion of the application is where you need to shine. It is the only communication you have with the admissions committee, and the one opportunity you have to express who you are beyond transcripts and SAT/ACT scores.

Please join us August 5th for our *College Essay Writing Workshop* from 10:00 a.m. - 1:00 p.m. We hope to see you then!

Best Regards,
