Second Annual Health Fair:

Chelsea gave an overview of the Health Fair. We deduced that we need to get a few more smaller helmets. Also, we would like to propose that National Honor Society students be used as volunteers next year. The Health Fair was a success. We did discuss the location issue, and decided to make sure that we reserve the pavilion way in advance next year.

Jessica Watkins made an announcement that if any students needed volunteer hours, she had a brand ambassador program with Neighbor's ER, if anyone was interested.

What's happening in BHISD:

Project Pink was discussed as it was held on 5/16/16. It was well received by the student body and the committee agreed that it was a good program, but could we possibly do something for the boys next year. It was announced that Wednesday, 5/18/16 will be the parent meeting for AIM program. Also field days for the schools will start this week.

Annual safety courses for BHISD employees:

Online courses will be offered for annual safety for BHISD employees. This includes blood borne pathogens, bullying, suicide prevention. It was asked if the school district would be willing to host shattered dreams program. CPR classes were done with all of the 11th grade, RAD classes for women (staff) and outgoing seniors will be held in July.
