

**Barbers Hill ISD School Health Advisory Council (SHAC)**  
**Minutes of Meeting**  
**Mon., January 19, 2015**

Meeting was held at the Professional Development Center and was called to order at 7:10 pm by Co-Chairperson, Stephanie Gage

**Members present:** Melissa Bishop, Stephanie Gage, Colleen Goundrey, Denise Patton, ReGina Farrell, and Chelsea Clynes.

**Members absent:** Dori-Marie Adams, Amanda Barron, Karie Spell, Chris Fowler, Lucy Garcia, Sara Wilkes, and Teeya Thornton.

**Review of Minutes from 11-03-14:** Minutes were reviewed and approved with no corrections.

**Introduction of Members:** Chelsea Clynes was a new member this meeting.

**Community Health Fair Subcommittee Report:** Colleen Goundrey gave a report from the subcommittee meeting on December 8, 2014. Lucy Garcia and Chris Fowler also attended this meeting. The Community Health Fair will be held on Saturday, May 2, 2015 from 9AM to 12PM. It will be at the Mont Belvieu City Park and the Pavilion has been reserved for this event. Co-sponsors of the health fair will include Barbers Hill ISD, The City of Mont Belvieu, and the community. The theme of the Health Fair will be "Summer Safety" and will include educational areas for sun safety, water safety, bicycle safety, seat belt safety, ATV, and possibly skateboard and trampoline safety. Subcommittee members are contacting agencies who can provide the education and also making a list of possible area vendors who might like to be present for the event. There was discussion about whether vendors should be charged for "space" at the event and if they would be allowed to sell any of their products. Jef Farrell will check with the City to see if we could charge vendors and if the vendors could sell items. Stephanie Gage will talk with the CFO of BHISD to find out if this would be allowed. If income is generated from the event, it would be used to help pay for expenses and for start-up costs for next year's Health Fair.

Lucy Garcia is working with Eagle Pointe and Chevron and hoping to get donations for drinks and snacks and a skateboard. The Pilot Club has been contacted about possibly donating more bicycle helmets like they do at Fall Fest. It was also suggested that they be asked if they would like to present their puppet show on head injuries. Chelsea Clynes will help with vendors and asking West Chambers Medical Center staff to help with education if appropriate.

The consensus of the group was to keep this Health Fair relatively small since it is the first one. There will be a regular SHAC meeting on May 4, and there will be a debriefing of the Health Fair and any changes or additions that need to be made. Since the Health Fair will support Physical Activity and Fitness, this subcommittee will be combined with the Community Health Fair subcommittee since its success will depend on the work of all.

**Wellness Policy Revision:** Stephanie Gage is working on this and will bring a draft to a future SHAC meeting for input from all members.

**What's happening in BHISD:** Colleen Goundrey (Lead School Nurse & Co-Chair of SHAC) gave the report. Maintain/No Gain was started before the Thanksgiving holidays and the district had great participation with most employees maintaining a weight gain of 0-2 pounds during the holiday season. The district Relay for Life events have started and the Eagles vs. Cancer game will be held on February 3<sup>rd</sup>. Informational and motivational assemblies are being planned for elementary and secondary students. Topics to be covered include drug and alcohol awareness, overcoming obstacles, and bullying. The Mobile Mammography Van from M.D. Anderson will be at BHISD on February 3<sup>rd</sup>.

**Open Discussion/Questions:** A discussion of the Ebola scare during Fall 2014 and results of revising district infection control measures was conducted during this meeting. SHAC members were given a list of possible topics for future SHAC meetings and asked to suggest topics that generated their interest.

**Future Meetings:**

- **March 2, 2015**
- **May 4, 2015**

Meeting was adjourned at 8:30 pm

*Respectfully submitted by Stephanie Gage*
